

UNITED MEDICAL STAFFING NETWORK
A MEDSEARCH DIVISION

OHIO RESIDENTS
FELONY BACKGROUND INFORMATION RELEASE
SENATE BILL 160
LAW EFFECTIVE JANUARY 27, 1997

I authorize **UNITED MEDICAL STAFFING NETWORK**, to obtain felony background information, acknowledging this could affect my employment in a health care environment.

I understand that on January 27, 1997 the State of Ohio passed a law, Senate Bill 160, requiring Criminal Background Checks on all new employees providing direct care to the elderly and children.

I understand a felony background check will be done via Webcheck through the Ohio Bureau of Criminal Identification and Investigation or the internet, as requested by Client.

If the results confirm that I have been convicted of a felony that is covered under this law, I realize my employment will be terminated as soon as UMSN receives confirmation.

If you have not resided in the State of Ohio for the last 5 years your fingerprints must be submitted to both the FBI and Ohio. There is a **fee** for routine **fingerprinting**.

The **fingerprinting fees** will be reimbursed to you upon completion of 300 hours as an employee of UNITED MEDICAL STAFFING NETWORK. **Please record your hours worked and notify your recruiter to be reimbursed.**

FINGERPRINTING DOES NOT GUARANTEE EMPLOYMENT.
